

Carolyn Carrica, SR/WA
Region 1 Representative
International Environment Committee

The committee has proposed a review for at least 2 of the 600 courses. We just finished course 606

There are 8 topics plus a tour that have been brought forward for Seattle. We have no co-sessions at this time.

Our committee has only one at large member from region 1 at this time. Orell Anderson. There have been several over the years from Arizona but they have all moved out of the State and dropped from the committee. I have tried to have an at large member from each of our states and 2 from California one from the North and one from the South. Our committee welcomes at large members as well as guests at our meetings. We have no waiting list or application process just let me know and I will present them to our chair.

I have been a member of this committee since the Conference was held in Vancouver, BC, Canada in June 2001
