2009

Region Fall Forum Report

- *The ISEC will continue to hold regularly scheduled teleconferences between the usual face-to-face committee meetings. The most recent was held September 21, 2009.*
- *The ISEC will review the 900 series courses and recommends that they be called Surveying & Engineering courses to reflect the true nature of the courses.*
- *The ISEC will be an exhibitor representing the IRWA at the American Congress on Surveying and Mapping (ACSM) conference to be held at the Phoenix Convention Center, Phoenix AZ, April 24 – 28, 2010. Approximately 1,200 individuals will attend. We expect a couple of hundred to visit the IRWA booth to pick up information about the IRWA. A handheld GPS unit will be given away as a door prize.*
- *The ISEC eighth annual IRWA – ISC mapping contest is underway. Winning maps will be displayed at the IRWA annual education conference in Calgary, AB, Canada in June 2010. Please encourage submissions!*
- *Hopefully the IPDC is considering a response to the RFP for the two Surveying courses - Mapping Rights-of-Way and Surveying Fundamentals. The response was to the second topic.*
- *The ISEC is considering topics for sessions to be provided at the 2010 Annual Education Conference in Calgary, AB, Canada.*
- *Members were reminded that they do not require a passport to enter Canada. However, they need a passport to get (back) into the United States! Apply early.*
- *Articles are needed for "IRWA Magazine." Please pass along your ideas.*
- *Future meeting dates and locations:*

APRIL 2010

PHOENIX, AZ, USA

This meeting will be held at the ACSM Annual Conference

SUNDAY JUNE 27, 2010 (8:15 a.m. – 12:00 noon)

CALGARY, AB, CANADA
